

GET BACK TO **BEING YOU** AGAIN

Considering SI joint
fusion surgery due to
sacroiliac joint dysfunction?

**Talk to other patients and
hear their real-life stories.**

Medtronic
Further, Together

WE UNDERSTAND
THAT WHEN
PATIENTS ARE
FACED WITH
THE IDEA OF
POTENTIALLY
HAVING SURGERY
IT CAN BE SCARY...
TALK WITH
SOMEONE WHO
UNDERSTANDS
AND HEAR THEIR
REAL-LIFE STORY

TALK WITH A **RIALTO™ SI FUSION SYSTEM PATIENT AMBASSADOR**

Speak with real-life patients who have received the technology and are now living with the device. Hear how their life is post-surgery.

RIALTO™ SI Fusion System Patient Ambassadors can answer questions such as:

- **What were your symptoms before surgery?**
- **What were your symptoms after surgery?**
- **How was your recovery from the surgery?**
- **Since receiving the technology, how has your life been impacted?**

Patient Ambassadors are not medical doctors or medical experts. They are volunteers who have received the technology and are passionate about sharing their experience in the hopes of helping other patients.

At Medtronic, we understand that you may have questions that can only be answered by someone who has had a similar experience. We want to help you connect with a community of others that have walked a similar path in hopes of helping you be you again.

IT'S EASY TO **CONNECT WITH OTHERS**

To schedule a time to speak with a Patient Ambassador and hear their real-life story, call **888-978-6711**

or sign up online at

www.medtronic.com/sijoint

When you sign up to speak with a Patient Ambassador we'll ask a few questions then we will schedule a convenient time for you to speak with the Patient Ambassador. Scheduled calls typically last about 20 minutes.

The information in this brochure is not a substitute for talking to your doctor. Always talk to your doctor about treatment options. There are risks associated with the medical device featured in this brochure. Look at the risks and other important safety information concerning this device.
